SAFETY

Helmet Rear Spoiler V.06 for helmets with smooth shells
Part No. BE204-Clear

Helmet Rear Spoiler V.09 for helmets with rear vents
Part No. BE205-Clear

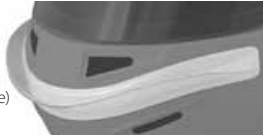

Helmet Rear Spoilers make your helmet less prone to aerodynamic lift. They are especially effective in open cars with a cowling behind the driver's head. Clear spoilers mount to any Bell helmet using double-sided tape (provided).

Rear Spoiler, Clear, V.06 for helmets without vents ... Part No. BE204-Clear \$59.95
Rear Spoiler, Clear, V.09 for helmets with rear vents ... Part No. BE205-Clear \$59.95

Left: Helmet Top Wicker (Small)
Part No. BE208-Small

Right:
Chin Bar Gurney Flap (Large)
Part No. BE207-Large

Helmet Top Wickers and **Chin Bar Gurney Flaps** combat helmet lift and buffeting. Three sizes have been developed for the different aerodynamics at different speeds. **Large** is effective at speeds below 150mph. **Medium** is for speeds between 150 and 180mph, and **Small** is best for speeds above 180mph. Clear plastic mounts to your helmet using double-sided tape (provided).

Helmet Top Wickers separate airflow from the top of the helmet to fight buffeting. They are especially recommended for open vehicles with no rear cowling, such as Prod cars, sprint cars, and karts. Top Wicker is not for use with the Rear Spoilers shown above.

Top Wicker, Clear, specify size Part No. BE208-Size \$29.95
Mounts to top of helmet to combat buffeting. Can be adapted to most helmets.

Chin Bar Gurneys provide downforce on the front of the helmet. Designed to fit Bell GP3 / K.1 Pro / M.8 (SA2015) and Star GP / GP2 (SAH2010) helmets.

Chin Bar Gurney Flap, Clear, specify size Part No. BE207-Size \$29.95
Mounts to chin bar to create front downforce. Fits listed Bell helmet models only.

Arai PED Kit for Full-Face Helmets

Improve the aerodynamic stability of your Arai full-face helmet with the Performance Enhancing Device kit from Arai. The kit includes a front spoiler (to mount just below the chin bar vent inlets) and a rear spoiler (to mount at the top rear of the helmet) to combat buffeting and lift at high speeds. Clear plastic lets your custom paint show through. Two-sided tape is pre-applied for easy mounting. Fits Arai GP-5W, GP-6, and SK-6 helmets.

Arai PED Kit Part No. AR-PED KIT \$85.49

Helmet Fresh Spray

Keep your helmet smelling like new with **Helmet Fresh**. Just spray the inside of your helmet after use and let it air dry. Helmet Fresh attacks bacteria and mildew - the source of odors - leaving a fresh, clean smell. One 4 ounce bottle can last all season.

Helmet Fresh, handy 4 oz. spray bottle Part No. 3396 \$7.99

Bell Visor Hardware and Accessories

Bell Hex Wrench for Shield Pivots Part No. 2258 \$12.95

Bell SRV1 (SA10/SA15) Spare Parts Kit Part No. 2239-007-Color \$17.95
For Bell helmets with SRV287 shields only. Specify Black, Blue, Red, or Silver.

Bell SRV2 (SA10/SA15) Spare Parts Kit Part No. 2239-008-Color \$17.95
For Bell helmets with SRV276, SRV281, SRV288, or SRV-8 shields. Black, Blue, Red, or Silver.

Bell SV SE03/05 (SA10/SA15) Spare Parts Kit Part No. 2239-011-Color \$19.95
For Bell helmets with SE03 or SE05 shields. Available in Black, Blue, Red, or Silver.

Bell SV SE07 (SA10/SA15) Spare Parts Kit Part No. 2239-012-Color \$19.95
For Bell helmets with SE07 shields. Available in Black, Blue, Red, or Silver.

Bell Visor Strips, Black, pkg of 2 Part No. 2283 \$12.95

Peak Visor for Sport Mag (SA10/SA15), Black Part No. 2239-005 \$39.95

Peak Visor for GT5 (SA10/SA15), Black or White Part No. BE221-Color \$69.95

Bell BR.1 (SA2010/SA2015) Vent Plates and Intake Port Plates

BR.1 Chin Bar Vent Plate Kit Part No. BE211-Color \$39.95

BR.1 Chin Bar Forced Air Port Plate Kit Part No. BE214-Color \$39.95

BR.1 Chin Bar Block-Off Plate Kit Part No. BE209-Color \$39.95

BR.1 Top Forced Air Port Kit Part No. BE213-Color \$39.99

BR.1 Top Vent Outlet Plate Kit Part No. BE212-Color \$39.99

Screw Kit only for any BR.1 Plate above Part No. BE216-Color \$9.95

The above plates and screws are available in White or Matte Black.

Bell Forced Air Hose Inlet Adapter, Straight Part No. BE219-Straight \$9.95

Bell Forced Air Hose Inlet Adapter, 90 Degree Part No. BE219-90 \$12.95

These adapters connect your 1 1/2" blower hose to the small 1" inlet nozzle on certain SA2010 and SA2015 Bell forced air helmets.

BR.1 Chin Bar Forced Air Kit, Large Nozzle, White ... Part No. BE220 \$39.95

BR.1 Chin Bar Forced Air Kit, Large Nozzle, Black ... Part No. BE222 \$39.99

These forced air kits have the more common 1 1/2" nozzle. and do not require an adapter.

Cheek Pad Inserts Four different thicknesses are available to tighten the helmet fit. Choose 5mm (slightly tighter), 10mm, 15mm, or 20mm (much tighter). Fits Bell SA2010/SA2015 helmets only. Kits include 2 inserts of the same size (one set covers one helmet).

Cheek Pad Insert Kit, set of 2, specify size Part No. BE203-Size \$9.95

Shock Doctor Eject Helmet Removal System

The **Shock Doctor Eject Helmet Removal System** allows safety workers or EMTs to remove your helmet while keeping your spine immobilized. Inflating a small bag inside the helmet safely pushes your helmet off, reducing the risk of post-crash injuries. The bag weighs about one ounce and will not affect the fit of your helmet. You won't even know it's there.

Shock Doctor Eject Helmet Removal Device, no inflator Part No. SD-300 .. \$49.99

Shock Doctor Eject Inflator Bulb Only (not shown) Part No. SD-302 .. \$39.99

Helmet Hooks

Never waste time searching for your helmet again! These lightweight aluminum hooks clamp onto your roll bar to hang your helmet on between sessions. Sold individually.

Helmet Hook for 1 1/2 inch roll bar Part No. HH1003 \$15.99

Helmet Hook for 1 3/4 inch roll bar Part No. HH1004 \$15.99

Helmet Bags

The **Bell HANS® Pro Helmet Bag** is big enough to hold your helmet, HANS® device, and more. Two zippered external pockets hold small items. A mesh pocket on the outside can hold damp items. Includes a removable interior divider. Measures a generous 13" W x 14" H x 22" L. Black with red trim and quilt stitching.

Bell HANS® Pro Helmet Bag ... Part No. 2148-006. ... \$59.95

The **Bell Victory Helmet Bag** matches the styling of the Bell HANS® Pro Bag, but the lightly padded, vented interior is sized to fit just your helmet. A single zippered outer pocket on one side can hold small items. Dual top carrying handles. Black with grey Bell logos, red zipper trim, and red quilt stitching.

Bell Victory Helmet Bag .. Part No. 2148-007. \$49.95

The **Simpson Raceway HANS® Helmet Bag** has a padded, vented interior to protect your helmet. The roomy main compartment has plenty of space for your HANS® device. A zippered pocket on the side holds small items. Includes a removable shoulder strap with metal hardware. Measures 20" L x 11" W x 13" D. Black with red trim and red-on-white Simpson logo.

Simpson Raceway Helmet Bag ... Part No. 2143 ... \$54.99

The **Bell Vented Helmet Bag** is lined with a soft fleece material to protect your helmet and shield. A small vent allows the bag to breathe. Dual top handles for easy carrying. Black with red trim and silk-screened Bell logo.

Bell Vented Helmet Bag Part No. 2132-001 .. \$29.95

The **Bell Drawstring Helmet Bag** is the same lightweight bag included with many Bell helmets. Protects your expensive custom paint job against minor scratches. May not fit helmets with large spoilers or forced air ports. Black knit cloth with white Bell logo.

Bell Drawstring Helmet Bag Part No. 2147 ... \$12.95

The **RaceQuip Helmet Bag** is lined with fleece to protect your helmet and shield. One exterior pocket can hold earplugs or hardware. The dual carrying handles wrap all the way to the bottom for extra strength. Black with red and white RaceQuip logo.

RaceQuip Helmet Bag Part No. RQP300003 ... \$25.99
