

## OMP Driving Suits

### OMP One Evo Suit

The **OMP One Evo** suit sets new standards in driver comfort. Breathable OMP "Dry System" knit inserts in the small of the back, down the sides of the torso, and along the sleeves and thighs allow heat and perspiration to escape while maintaining FIA-rated fire protection. Knit inserts around the shoulders, hips and back of the waist provide great freedom of movement. The outer layer is sateen-finish (slightly shiny) Nomex® for a professional look. FIA homologated (8856-2000). Available in Silver with black accents, Navy with white and cyan accents, or black with white and Red, neon Green, or neon Yellow accents. Sizes 44 through 64, see chart below. Made in Italy.

### OMP Tecnica Evo Suit

The **OMP Tecnica Evo** suit has been developed directly from many years of experience supplying suits to Formula 1 drivers. The OMP Dry System positions breathable knit inserts in the small of the back, down the sides of the torso, and along the sleeves for optimum ventilation while maintaining fire protection. The result is an amazingly comfortable and cool 3-layer suit. The outer layer is sateen-finish (slightly shiny) Nomex® for a professional look. FIA homologated (8856-2000). Available in Black with yellow accents, Black with Red, Black with White, White, or Navy. Sizes 44 through 64, see chart below. Made in Italy.

### OMP First Evo Suit

The **OMP First Evo** has comfort features you won't find in suits at twice the price. The two-layer suit has an outer layer of matte (not shiny) Nomex® and an inner layer of soft knit Nomex®. Knit bellows around the shoulders allow freedom of movement and ventilation. Knit inserts inside the arms, in the groin, and across the small of the back provide even more ventilation. FIA homologated (8856-2000). Available in Black, Blue, or Red with white accent panels, or Anthracite (grey) or Silver with black accent panels. All colors have black knit cuffs. Please see our website for more color details. Sizes 44 through 64, see chart below. Made in Italy.

## OMP Sport Driving Suits

American drivers have always demanded performance at a good price. OMP responded with **OMP Sport**, a line of full-featured, high-quality suits at a **great** price.

### OMP Sport OS20 Two-Layer Suits

The **OMP Sport OS20** suit is an SFI- and FIA-approved two-layer suit with the quality and feel of a much more expensive suit. The Nomex® outer layer is surprisingly soft, with a matte (not shiny) finish. The inner layer is a soft knit fire-retardant material that increases fire protection without sacrificing comfort. Features vertical quilting, front patch pockets on each leg, 360° knit elastic shoulder gussets, knit wrist and ankle cuffs, and elastic in the lumbar panel. SFI 3.2A/5 rated and FIA 8856-2000 homologated. Fire-retardant underwear is **not required** with this suit for SCCA Club Racing. Available in Black, Blue, or Red; all colors have red epaulets with white trim and red OMP Sport logos. Made in Italy. See chart below right for sizing.

### OMP Sport OS10 Single-Layer Suit

The **OMP Sport OS10** suit is an SFI-rated single-layer suit designed just for the occasional racer on a tight budget. The treated cotton material has a finite life span (25 cleaning cycles maximum), enough for two to three seasons. This suit is the perfect solution for anyone who needs an SFI-rated suit for just a season — or even for just one race! Features a matte (not shiny) finish, front patch pockets on each leg, a double-pleated back panel, and elastic in the lumbar panel. SFI 3.2A/1 rated. Fire-retardant underwear **is required** with this suit by SCCA and most other sanctioning bodies (please check your rulebook). Available in Black, Blue, or Red; all colors have epaulets with white trim and OMP Sport logos. See chart below for sizing.
