

Racing Mufflers

Lightweight Stainless Steel Racing Mufflers and Clamps

More and more tracks are being forced to implement maximum allowable sound levels. These lightweight mufflers all weigh less than 4 pounds each. Their straight-through design does not reduce power output, yet in most cases sound levels are reduced enough to satisfy the requirements at most tracks. Stainless steel wool packing resists blowout and melting. (Cheaper fiberglass packing in other mufflers can require replacement in as little as one hour of use!) The packing is simple to replace when needed. We recommend using a good quality anti-seize compound on the fasteners to make disassembly easier.

- Lightweight Muffler with 2" inlet/outlet, 14"L x 4.5" dia. Part No. 1840-2.00 \$369.99
- T-Bolt Mounting Clamp for above Part No. 3614-1.88 \$6.19
- Lightweight Muffler with 2.25" inlet/outlet, 14"L x 4.5" dia. Part No. 1840-2.25 \$369.99
- T-Bolt Mounting Clamp for above Part No. 3614-2.13 \$6.39
- Lightweight Muffler with 2.50" inlet/outlet, 17"L x 4.5" dia. Part No. 1840-2.50 \$394.99
- T-Bolt Mounting Clamp for above Part No. 3614-2.38 \$6.59
- 1 lb. Stainless Steel Repack Kit for all of the above Part No. 1845 \$47.99
- Anti-Seize compound, 8 oz. brush top can Part No. 3303 \$13.99
- This compound is nickel-based for corrosion resistance. Exceeds military specification MIL-A-907e.*

SuperTrapp Mufflers

The patented radial diffuser design of SuperTrapp mufflers allows you to tune your muffler by adding or removing diffuser discs. Fewer discs make the system quiet but increase back pressure; more discs increase noise and reduce back pressure. Using this tunability to best advantage can actually result in a performance advantage. You can virtually wave tune your engine and carburetion to produce the best power band for any track. This is especially important in racing classes where carb tuning is restricted. For many small-displacement full race applications, the short diffuser is all that is

required to meet noise limits. When noise limits are particularly stringent and for street applications, the diffuser section is combined with a glasspack section to further reduce high-frequency sounds. Even the glasspack versions are straight-through designs with no louvers to restrict exhaust flow. Many race teams who have also equipped their tow vehicles with SuperTrapps report improved gas mileage and performance with reduced detonation. With the combined good looks and added durability of a stainless steel core, a SuperTrapp muffler could be the last muffler you ever buy.

Diffuser Disc Only Series

- To mount these to your exhaust system, just weld the flange to your tail pipe and then bolt the discs and end cap to the flange. All include 12 diffuser discs. The 5" models include a 360 degree shield.
- 4 inch diffuser for 2.0 dia. pipeST-444-2003 \$94.99
 - 4 inch diffuser for 2.5 dia. pipeST-444-2503 \$94.99
 - 5 inch diffuser for 2.5 dia. pipeST-544-2503 \$108.99
 - 5 inch diffuser for 3.0 dia. pipeST-544-3003 \$108.99
 - 5 inch diffuser for 3.5 dia. pipeST-544-3503 \$108.99

Part No. ST-443-2217

Steel Glasspack with Diffuser Series

Steel Glasspack
Part No. ST-449-2218

These can be welded or clamped to your tail pipe for a relatively quiet yet low-restriction tunable muffler. All include 12 diffuser discs. Finished in a black, high-temperature paint.

- Models with 4 inch discs (5 lbs)**
- For 2.25 dia. pipe, 18.5 inch lengthST-449-2218 \$209.99
 - For 2.50 dia. pipe, 18.5 inch lengthST-449-2518 \$209.99

- Models with 5 inch discs, long (8.5 lbs.):**
- For 2.50 dia. pipe, 19 inch lengthST-549-2519 \$229.99
 - For 3.00 dia. pipe, 19 inch lengthST-549-3019 \$229.99
 - For 3.50 dia. pipe, 19 inch lengthST-549-3519 \$229.99

Stainless Steel Glasspack with Diffuser Series

Left: Stainless Steel Glasspack
Part No. ST-443-2217

Extra-Short 10" Stainless Steel Glasspack
Part No. ST-443-2010

Similar to the steel glasspack series except for the added durability and good looks of brush finished stainless steel. All include 12 diffuser discs.

- Models with 4 inch discs, long (5.5 lbs.):**
- For 2.00 dia. pipe, 24 inch lengthST-443-2024 \$279.99
 - For 2.50 dia. pipe, 24 inch lengthST-443-2524 \$279.99

- Models with 4 inch discs, extra-short version (3.5 lbs.):**
- For 2.00 dia. pipe, 10 inch lengthST-443-2010 \$232.99
 - For 2.00 dia. pipe, 10 inch length, w/ mounting tabST-443-2011 \$232.99

- Models with 4 inch discs, short version (4.0 lbs.):**
- For 1.75 dia. pipe, 17 inch lengthST-443-1717 \$254.99
 - For 2.00 dia. pipe, 17 inch lengthST-443-2017 \$254.99
 - For 2.25 dia. pipe, 17 inch lengthST-443-2217 \$254.99
 - For 2.50 dia. pipe, 17 inch lengthST-443-2517 \$254.99

- Models with 5 inch discs (7.0 lbs.):**
- For 2.50 dia. pipe, 18.5 inch lengthST-543-2519 \$299.99
 - For 3.00 dia. pipe, 18.5 inch lengthST-543-3019 \$299.99
 - For 3.50 dia. pipe, 18.5 inch lengthST-543-3519 \$299.99

SuperTrapp Accessories and Spares

Extra Diffuser Discs

- 4 inch diffuser discs, package of 6ST-404-6506 \$22.49
- 4 inch diffuser discs, package of 12ST-404-6512 \$37.99
- 5 inch diffuser discs, package of 6ST-504-6506 \$37.99
- 5 inch diffuser discs, package of 12ST-504-6512 \$52.99

Fiberglass Repack Kits

- Repack Kit for 443-1717/2017, 449-1718/2018ST-400-1717 \$55.99
- Repack Kit for 443-2010/2011 extra-shortST-400-4020 \$25.99
- Repack Kit for 443-2217/2517, 449-2218/2518ST-400-2217 \$55.99
- Repack Kit for 543-2519, 549-2519ST-500-2519 \$55.99
- Repack Kit for 543-3019/3519, 549-3019/3519ST-500-3019 \$55.99

Shields For use with Diffuser Disc Only Series. Can be used to protect diffusers from damage from rocks and stones and also to help block noise emitted from the side. Not for use with Glasspack mufflers. New 5 inch Diffuser Disc Only Series diffusers already include a 360 degree shield.

- 120 degree shield for all 4 inch diffusersST-405-2120 \$29.99
- 360 degree shield for all 4 inch diffusersST-405-2360 \$37.99
- 360 degree shield for all 5 inch diffusersST-507-2360 \$37.99

Replacement End Caps

- Polished End Cap for 4 inch models with 6 bolt mountST-406-3046 \$22.49
- Polished End Cap for all 5 inch disc modelsST-506-3052 \$22.99

Replacement Hardware Kits These are the same hardware kits as included with new SuperTrapp mufflers. Each kit includes all stainless steel hardware. **Note:** You must use anti-seize compound when assembling your SuperTrapp.

- For all 4 inch diffuser only series with 6 bolt mountST-404-7207 \$26.99
- For all 4 inch glasspack series, 6 bolt mountST-404-7206 \$18.49
- For all 5 inch diffuser only series with 6 bolt mountST-504-7207 \$29.99
- For all 5 inch glasspack series, 6 bolt mountST-504-7206 \$29.99
- Anti-Seize Compound, 8 oz. brush top can 3303 \$13.99

Stainless Steel T-Bolt Clamps As supplied with stainless steel SuperTrapps.

- Stainless steel T-bolt clamp for 1.75" pipe 3614-1.75 \$5.99
- Stainless steel T-bolt clamp for 2.00" pipe 3614-1.88 \$6.19
- Stainless steel T-bolt clamp for 2.25" pipe 3614-2.13 \$6.39
- Stainless steel T-bolt clamp for 2.50" pipe 3614-2.38 \$6.59
- Stainless steel T-bolt clamp for 3.00" pipe 3614-2.75 \$6.89
- Stainless steel T-bolt clamp for 3.50" pipe 3614-3.38 \$6.99

Stainless Steel Body Support Clamps As supplied with stainless steel SuperTrapps.

- Stainless steel body support clamp for 4 inch seriesST-095-3500 \$20.99
- Stainless steel body support clamp for 5 inch seriesST-095-4500 \$22.49
