

# Bell Auto Racing Helmets, Snell SA2015

## Bell Pro Series Helmets

Bell Pro Series helmets feature lightweight carbon-composite shells with moisture-wicking fabric lining. Fractional helmet sizing provides the best possible fit.

The **RS7** is based on the advanced Bell HP7 helmet currently used in F1. A total of 14 inlet and exhaust vents provide maximum cooling. The shield pivot shape is designed to minimize wind noise at speed. Includes one clear dual-pane anti-fog shield (Bell SE07 size). Snell SA2015 and FIA 8859-2015 approved. Available in white or flat black. Specify size: 7 1/8 through 7 5/8.

**Bell RS7 Helmet, Snell SA2015 / FIA 8859-2015**

Part No. BE141-S15-Size-Color..... \$829.95

The **Dominator.2** is designed for aerodynamic stability at high speeds in open-cockpit cars. The front chin spoiler and rear wicker combat lift, and trip strips molded into the shell fight buffeting. The result is a very distinctive, aggressive look. Includes one clear anti-fog shield (Bell SRV287 size). Snell SA2015 approved. Available in white or flat black. Specify size: 7 1/8 through 7 5/8.

**Bell Dominator.2 Helmet, Snell SA2015**

Part No. BE142-S15-Size-Color..... \$829.95

### Bell Pro Series Helmet Sizing Chart

Inches	CM	Helmet Size
22 3/8	57	7 1/8
22 3/4	58	7 1/4
23 1/8	59	7 3/8
23 1/2	60	7 1/2
23 7/8	61	7 5/8

The **GP.3** has F1 styling and performance at a club racing price. Features an integrated front chin spoiler and Bell's narrowest eyepoint. Three forehead intake scoops can be closed off when cooling is not needed. Includes one clear shield (Bell SE03 size). Snell SA2015 and FIA 8859-2015 approved. Available in white or flat black. Specify size: 7 1/8 through 7 5/8.

**Bell GP.3 Helmet, Snell SA2015 / FIA 8859-2015**

Part No. BE143-S15-Size-Color.....\$729.95

The **GTX.3** delivers great aerodynamic stability at high speeds. An integrated front chin spoiler and removable rear wing reduce helmet lift. Venturi chin vents extract air rather than pulling in, making it ideal for dirt or clay tracks. Includes one clear shield (Bell SE03 size). Snell SA2015 and FIA 8859-2015 approved. Available in white or flat black. Specify size: 7 1/8 through 7 5/8.

**Bell GTX.3 Helmet, Snell SA2015 / FIA 8859-2015**

Part No. BE144-S15-Size-Color.....\$729.95

The **GT5 Touring** is perfect for use in closed cars. It can be worn as an open helmet with a peak visor (shown), or as a closed helmet with a face shield. Small vents in the chin bar reduce fogging. Includes one peak visor and one clear shield (Bell SE05 size). Snell SA2015 and FIA 8859-2015 approved. Available in white or flat black. Specify size: 7 1/8 through 7 5/8.

**Bell GT5 Touring Helmet, Snell SA2015 / FIA 8859-2015**

Part No. BE145-S15-Size-Color..... \$699.95

## Bell Racer Series Helmets

Bell Racer Series helmets feature standard composite shells. General fit sizing keeps costs lower.

The **K.1 Pro** is Bell's least expensive helmet with aerodynamic countermeasures. The chin spoiler reduces lift while forehead and chin vents minimize shield fogging at speed. The medium-size eyepoint falls between the GP.3 and M.8. Includes one clear shield (Bell 287SRV size). Snell SA2015 approved. Available in white or flat black. Specify size: XX-Small through Extra-Large.

**Bell K.1 Pro Helmet, Snell SA2015**

Part No. BE162-S15-Size-Color.....\$529.95

The **BR.1** features an extra-large eyepoint. The innovative modular ventilation system incorporated into the chin bar and top vent allows you to install a side or top forced air port (sold separately) without affecting the integrity of the helmet. Includes one clear shield (Bell 281SRV size). Snell SA2015 approved. Available in white or flat black. Specify size: Small through Extra-Large.

**Bell BR.1 Helmet, Snell SA2015**

Part No. BE163-S15-Size-Color.....\$529.95

The **M.8** is the latest generation of the always-popular Bell M helmet family. Features chin vents, adjustable forehead vent intake scoops, and an extra-large eyepoint. The M.8 has long been a favorite of drivers who wear glasses. Includes one clear shield (Bell SRV-8 size). Snell SA2015 approved. Available in white or flat black. Specify size: XX-Small through 4X-Large.

**Bell M.8 Helmet, Snell SA2015**

Part No. BE164-S15-Size-Color.....\$529.95

The **Sport EV** boasts the largest eyepoint in the Bell line. The huge Extended Vision (EV) eyepoint is great for drivers with glasses. The lowered chin bar provides better gauge visibility and a less claustrophobic feel than most other helmets. Includes one clear shield (Bell SRV288 size). Snell SA2015 approved. Available in white or flat black. Specify size: Small through Extra-Large.

**Bell Sport EV Helmet, Snell SA2015**

Part No. BE167-S15-Size-Color..... \$429.95

The **Sport** is our least expensive SA2015 rated full-face Bell helmet. The medium-size eyepoint, chin vents, and adjustable forehead vents have made the Sport a great value and a top seller for many years. Includes one clear shield (Bell 281SRV size). Snell SA2015 approved. Available in white, gloss black, or non-vented orange for marine use. Specify size: Small through Extra-Large.

**Bell Sport Helmet, Snell SA2015**

Part No. BE169-S15-Size-Color.....\$399.95

The **Sport Mag** is designed for drivers who prefer an open face helmet. The great price tag has made the Sport Mag extremely popular with Solo and HPDE drivers. Includes a black peak visor. This helmet is not designed to accept a face shield. Snell SA2015 approved. Available in white, gloss black, or orange for marine use. Specify size: Small through 4X-Large.

**Bell Sport Mag Helmet, Snell SA2015**

Part No. BE171-S15-Size-Color..... \$299.95
