**Oetiker Clamps and Installation Tool**

Oetiker Clamps maintain clamping force because they can expand as a hose assembly is subjected to temperature cycling. Standard worm-drive clamps can't expand and, therefore, force the hose material to extrude away from the clamp area during a heat cycle. After several heat cycles, they can lose most of their clamping force.

- **Oetiker Clamp for 1/4" I.D. Hose (Part No. 3295-04)**: $9.99
- **Oetiker Clamp for 1/4" I.D. Hose**: $1.09
- **Oetiker Clamp for 1/4" I.D. Hose**: $1.49
- **Oetiker Clamp for 1/4" I.D. Hose (Part No. 3295-12)**: $1.49

**Dual Jaw Installation Tool**

Our Oetiker installation tool has dual jaws so that it can be aligned parallel or perpendicular to the hose. This makes it easier to use in tight places.

- **Dual Jaw Installation Tool**: $48.99

**Red Anodized Pro-Clamps**

These clamps add the finishing touch when using regular worm drive hose clamps to clamp hose onto barbed hose fittings. Each Pro-Clamp assembly consists of a red anodized sleeve to go over the end of the hose and a hidden stainless steel worm drive hose clamp. Check the outside diameter of your hose after it has been pushed over the hose barb and compare to the I.D. dimension shown below to determine which clamp size will fit.

- **Pro-Clamp, 0.44" I.D.**: $5.99
- **Pro-Clamp, 0.55" I.D.**: $6.49
- **Pro-Clamp, 0.65" I.D.**: $7.99
- **Pro-Clamp, 0.80" I.D.**: $8.99
- **Pro-Clamp, 0.94" I.D.**: $10.99
- **Pro-Clamp, 1.15" I.D.**: $13.99

**Light-Duty Rubber Lined Support Clamps**

These "Adel Style" clamps are smaller than the Aeroquip Vinyl Coated clamps to the left. They are ideal for lighter-duty applications. The steel band is cushioned with a rubber extrusion to prevent damage from sharp edges and to provide a small amount of vibration isolation. All are 1/2" inch wide and have a 0.281 inch dia. mounting hole. Sold individually.

- **1/4 inch Clamp Inside Diameter**: $59
- **3/8 inch Clamp Inside Diameter**: $50
- **5/8 inch Clamp Inside Diameter**: $62.5
- **3/4 inch Clamp Inside Diameter**: $75
- **1/2 inch Clamp Inside Diameter**: $87.5
- **1/2 inch Clamp Inside Diameter**: $100
- **1/2 inch Clamp Inside Diameter**: $112.5
- **1/4 inch Clamp Inside Diameter**: $125
- **1/2 inch Clamp Inside Diameter**: $150
- **1/2 inch Clamp Inside Diameter**: $150

**Aeroquip Heavy-Duty Vinyl Coated Support Clamps**

These heavy-duty support clamps are strong enough for use on aircraft. Sizes up to 1.06" are 1/2" wide with a 1/2" mounting hole. Sizes 1.13" and larger are 1" wide with a 1/2" mounting hole. Hose part numbers are shown next to the suggested clamp size. Sold individually.
