SAFETY

Helmet Rear Spoiler V.06 for helmets with smooth shells
Part No. BE204-Clear

Helmet Rear Spoiler V.09 for helmets with rear vents
Part No. BE205-Clear

Helmet Rear Spoilers make your helmet less prone to aerodynamic lift. They are especially effective in open cars with a cowling behind the driver's head. Clear spoilers mount to any Bell helmet using double-sided tape (provided).

Rear Spoiler, Clear, V.06 for helmets without vents ... Part No. BE204-Clear \$79.95
Rear Spoiler, Clear, V.09 for helmets with rear vents ... Part No. BE205-Clear \$79.95

Left: Helmet Top Wicker
Part No. BE208-Large

Right:
Chin Bar Gurney Flap
Part No. BE207-Large

Helmet Top Wickers and **Chin Bar Gurney Flaps** combat helmet lift and buffeting. Clear plastic mounts to your helmet using double-sided tape (provided).

Helmet Top Wicker separates airflow from the top of the helmet to fight buffeting. This is especially recommended for open vehicles with no rear cowling, such as Prod cars, sprint cars, and karts. Top Wicker is not for use with the Rear Spoilers shown above.

Top Wicker, Clear Part No. BE208-Large \$29.95
Mounts to top of helmet to combat buffeting. Can be adapted to most helmets.

Chin Bar Gurney mounts to the chin bar to provide downforce on the front of the helmet. Designed to fit Bell GP.3 / K.1 Pro / M.8 (SA2015) and Star GP / GP.2 (SAH2010) helmets.

Chin Bar Gurney Flap, Clear, V.10 Part No. BE207-Large \$29.95
Fits Bell SA2010 Star GP and GP.2; SA2015 GP.3, K.1 Pro, and M.8 only.

Chin Bar Gurney Flap, Clear, HP7 (not shown) Part No. BE223-Large \$39.95
Fits SA2010 and SA2015 HP7 and RS7 models only.

Arai PED Kit for Full-Face Helmets

Improve the aerodynamic stability of your Arai full-face helmet with the Performance Enhancing Device kit from Arai. The kit includes a front spoiler (to mount just below the chin bar vent inlets) and a rear spoiler (to mount at the top rear of the helmet) to combat buffeting and lift at high speeds. Clear plastic lets your custom paint show through. Two-sided tape is pre-applied for easy mounting. Fits Arai GP-5W, GP-6, and SK-6 helmets.

Arai PED Kit Part No. AR-PED KIT \$85.49

Helmet Refresh Spray

Keep your helmet smelling like new with **Helmet Refresh**. Just spray the inside of your helmet after use and let it air dry. Helmet Refresh attacks bacteria and mildew - the source of odors - leaving a fresh, clean smell. One 4 ounce bottle can last all season.

Helmet Refresh, handy 4 oz. spray bottle Part No. MOL-140-4 oz \$6.99
